**\*COVID-19 EFFECT ON  
SUPPLY CHAIN**

We are working hard to keep all products  
in stock, but there may be situations  
beyond our control.

Manufacturers may be out of stock for  
longer periods of time, as they catch up  
in the aftermath of the pandemic.

Because of this uncertainty, we cannot  
offer rainchecks at this time.

Thanks for your continuing support &  
patience. It means so much to us!
