Dear Brighter Day Customers, Brighter Day has been our life's work for 41 years and we've been grateful for all of it! Each of you, our dear customers has made every day worthwhile. At 65, we are still young, healthy, full of energy and we look forward to life's next chapter.

Peter + Janie

It was no accident that a generation ago we opened the Sentient Bean next door. There is no doubt that moving forward, we will cherish the opportunity to keep nurturing this corner of the world where everyone can come for healthy choices.
